Starting with the town hall, more and more buildings come into play, some of which can also generate significant resources such as gold or elixir. With your help, you can also buy more buildingsFinancing of teaching subjects. Clash of Clana is not a pure construction game, it is also a war game where you have to give up enemy attacks on foreign armies. However, if you expand your buildings extensively, they act as a durable fortress where even archery or mighty giants don't live, something might come in handy. However, it's a long way, so you need to plan plenty of time if you want to celebrate success in Clash of Clan. Download: Google Play Store | Apple App Store Mario Kart Tour (iOS, Android) - Mario Kart is Nintendo's cult console. Now the plumber and his friends also unlock the smartphone and compete in Mario Kart in circles. According to the name of the game, Nintendo characters offer a match played in different parts of the world, in the most popular way of previous games and in completely new areas. Of course, you can throw yourself off the train with plenty of villains and rank up with good performance. That said, there's plenty of fun in the tour's multiplayer mode against friends or up to seven players from around the world. Light and far from you. Download: Google Play Store | Apple Poké Mon G (iOS, Android) App Store took a long time to play on mobiles which you can't avoid. Meanwhile, the hype has died down a bit, but Niantic's game still captivates many gamers around the world. Like the anime of the same name, you are fascinated by a player to catch the magic poking that can hide anywhere. Focus: Animals can get stuck on real roads or in the park. However, this can only be done on your mobile phone screen. Servers aren't so busy anymore, as there's no more racing to get the best of Pokéton on the indoor pits, which means it's more fun than going out. Download: Google Play Store | Apple App Store (iOS, Android) among us, the popularity of the game has really increased. This multiplayer strategy game is played in a spaceship and can have between four and 10You can play over local Wi-Fi or online. Playing with friends is fun if you don't take it too seriously, but the real craziness comes when you play online with a group of strangers. The basic premise is simple: you are a crew member and your task is to perform various tasks on the ship - but wait! There is an impostor among you with a treacherous plan: to brutally murder everyone! Your goal is to determine which of you is the culprit. Along the way, the challenger tries to mislead other players, sabotage things, create alibis, and cover up murders. If you're playing as part of a team, all you have to do is complete your quests and try to figure out who the cheater is. Playing the challenger, your goal is to kill everyone before you find out who is guilty. The game is free to play and has incredible latency once you get the hang of it. Download: Google Play Store | Apple App Store Harry Potter: Wizards Unite (iOS, Android) The creators of Pokémon will represent this exciting Harry Potter game that is attracting players young and old this year. A terrible catastrophe helped bring magical spells, items, artifacts and people to the Muggle world. With the help of famous witches and wizards from around the world, you as a player can take part in the investigation of secrets that have eluded humanity. Like Pokémon Go, in real life they are scattered and visible on the phone screen. Tracking down these magical items isn't particularly difficult as a helpful map shows their correct location. If you've ever wanted to wave a magic wand in real life like Harry Potter, Hermione and Ron, don't miss this fun game. Download: Google Play Store | Apex Legends Mobile App Store (iOS, Android) It seemed inevitable that e-Arts would bring Apex Legends to mobile, just like almost every other AAA shooter has done or plans to do. Since this is completely remade for mobile devices, it is not related in any wayOr PC compatible versions. There is some crossover, however, as you can play with your friends on iOS or Android. What's even weirder is that the game is like the original in terms of game modes. However, as the mobile version is a separate version of the game, the content and characters are not accessible in the main game. Also, the game is rightly marketed, as all purchases are purely decorative in nature and do not give the player an unfair advantage. Download: Google Play Store | Apple App Store Super Mario Run (iOS, Android) Nintendo has long resisted releasing its games for mobile devices. Thank God those in charge changed their minds during this time, because now we can enjoy the brilliant "Jump and Run" game "Super Mario Run", which is very similar to the classic memorized games. Even though Mario automatically runs from left to right for the first time, this difference from the classic games does not detract from the enjoyment of the game. On the contrary: The perfectly animated levels in 2D optics, many creative ideas and above all the well-known original sound will quickly cause nostalgia for Nintendo. Download: Google Play Store | Apple App Store Pac-Man 256 (iOS, Android) is another classic rethinking of Pac-Man 256. Every video game fan probably knows an insatiable herd of men who must flee from evil spirits. While the original might have been a bit outdated 40 years ago, this brilliant remake impresses not only with its modern look, but also with various optimizations: individual levels are now unlimited and passing is possible from the side portals. You can turn the tables and scare the ghosts with bonuses - the futuristic laser beam is especially creative. A very successful classic Rome, ideal for playing on the go or between jobs. Download: Google Play Store | Apple App Store Call of Duty: Mobile (iOS, Android) took a long time, but in October 2019, the first-person "Call of Duty" mobile version was finally released. You can register as a fan in "Call of Duty: Mobile"PC and Cocoon Games can count on an impressively successful installation of a smartphone, which includes both the Sharp HD graphics and many original Black OPS maps and modern military operations. There are many gaming modes such as Team Deathmatch, a single mode or a completely new Battle Royal Mode, in which up to 100 players can participate simultaneously. A long expectation was more than that. Download: Google Play store | The stars of the Apple App Store Brawl Stars (iOS, Android) Brawl Stars are a very cheerful multiplayer game from Clash of Clans Creators, where the player can really go through a couple in different battles. However, this game is not a brutal first -person shooter, but a relatively handsome animated comic, which should also charm players who really know what to do with the Futings genre. The better you pass each of the three -minute circles, the more updates, optimizations and skins you will gradually unlock. Can you become the last player on the rest of the field and earn a place in the leaders table? Download: Google Play store | Apple App Store Diablo Immortal (iOS, Android) with Diablo Immortal you get a "version for PC or premium console" on a small screen. You get all the possibilities of Diablo on your mobile phone, including a long campaign. Actions and tasks are optimized for mobile games, so you can quickly perform tasks and return to action. The main game mechanics The main version for the PC is competently transferred to the smartphone so that the game is not tired. The gameplay is very similar to Diablo 3, with the difference that the abilities no longer use resources and can be used again after a short recovery time that accelerates the battle. If there is one contradiction, it is that a game with a lot of microtrans can turn off some players. However, it doesn't matter whether you are a fan of the Diablo series or not, Diablo Immortal is one of the most popular mobile games of 2022. Download: Google Play store | Apple App Store Pubg Mobile is now one of the pioneersIndustry at the factory. The inventory of successful Steam shooters is now available for mobile devices and is free. This applies to shooters of this quality. You can fight for victory with 100 other players on different cards. Firstly, you jump somewhere on a huge map and should find weapons and equipment in houses, sheds and everywhere. Over time, the radius of the circle in which you can survive will decrease. If you are outside the circle, you get damage. These are forced battles. The classic regime of the royal battle. Graphics and control elements look almost perfectly likely. In contrast to his ANAS of the shooter for a PC, he does not need to go to any compromises. One of the best jokes in the whole genre. Just download, get pleasure, enjoy and lose time. Be careful, this game is very addictive! Download: Google Play store | Apple App Store Rocket League Sideswipe (iOS, Android) Rocket League is a dynamic video game for the console and PC, which combines elements of football, cars and billiards. On the contrary, Rocket League Sideswipe offers the same exciting gameplay on your mobile phone. This simplifies mobile gameplay, without losing the depths that makes the game so exciting. In this two -dimensional game with side loading, you still need to throw a large soccer ball into the opponent's basket or into the gate. Network battles 1 on 1 and 2 to 2 always offer new tests, and a thoughtful ball mechanics guarantees that the game is never bored. Download: Google Play store | Apple App Store Fluffy Fall (iOS, Android) This exciting endless adventure 3D game from Why Games is simply pretty. The principle of the game is very simple, because you need a little fluffy to safely reach the goal with simple presses on the screen. However, there are many obstacles that are in his way, including dangerous torches, icebow blocks, circular saws and lasers, do not facilitate this task, so in some passages you will have to show a lot of dexterity. But hard work is rewarded not only by a large number of points: gradually you can get 60 different fluffy characters,one more beautiful than the other. Download: Google Play Store | Apple App Store's Alto's Odyssey (iOS, Android) "Alto's Odyssey" is the sequel to the famous "Alto's Adventure" game and even takes a step in the shade. In the role of the courageous Sandboarder Alta, the player runs through mountains and valleys at breathtaking speed that would make even the very fast Sonic porcupine pale. Although you can perform fantastic jumps and moves with relatively simple checks, the breathtaking landscapes are amazing with their depth and the clear HD graphics. In order for this variety not to be neglected, Alto's Odyssey offers about 180 mini-minions, divided into a total of 60 levels. A really extremely fun game that offers a lot of fun in the middle and on the road and not for nothing is not listed among the top 20 games for mobile devices of 2022. Download: Google Play Store | Apple App Store Hay Day (iOS, Android) even if Hay Day has been launched a few years ago, the game for mobile devices is still one of the most popular games of 2022: there is a reason why there has been the number for over a year 1 is 120 lands as a player, cultivate your lands on which you can cultivate or exchange goods with your neighbors and friends. Of course there are also many nice animals to give a new home on your farm and, if the season allows it, you can embellish your home and courtyard with a wide selection of beautiful decorative objects. The graphics have been deliberately designed to be nice so that even younger players can have fun with the game. Nice game but very compelling. Download: Google Play Store | Apple App Store Infinite Shooting: Galaxy War (iOS, Android) Remember the iconic Arcade Space Invaders game?
