The magazine has © an interior design magazine recognized for architecture and interior designs as the main monthly publishing of industry dedicated to the industry's commercial design industry. The contract provides full editorial coverage of architecture and interiors, including office interior design and other types of interior design. In addition © presenting projects in Office Design Realm, the contractual© magazine also features many other types of design, including retail design, hospitality design, health design, educational design and institutional design. An architect or interior designer turns into hiring news related to interior design, in-depth features on the best practices in professional interior design and information about new interior design products. News is posted daily on the site related to new projects, concessionaires, events and other timely activities that affect industry. Resource stories exploit the best practices for companies and technology professionals such as firm leadership, sustainability and other areas of specialization within a practice. Publishers regularly update the website's product section to showcase the latest offerings from manufacturers of furniture and finishes in the commercial design industry. Designers can view new products such as chairs, work solutions, carpet, floor and lighting, among many other product categories. In addition © to the information and resources provided by the contract, the magazine© also sponsors a range of competitions and programs of services, including the annual interior services, the best of neoconÂ® competition, the competition of the IIDA / Contract Showroom, the services of the Nightingale, and inspiration sums. The contractual journal publishes ten questions per year, which are available to professionals in the sector in printed format, as well as a digital edition that can be through this site. Media KitVisit World of Interiors ¶ The world of interiors inspiresabout those who have a passion for design.
