Crash Course World History: Unit for 6... The Mongols

Directions:

- Review the video viewing questions.
- Watch *Crash Course World History: Unit for 6... the Mongols'* without taking any notes.
- Watch *Crash Course World History: Unit for 6... the Mongols'* a second time. Place the notes as indicated where you can answer the questions.

Crash Course World History "Unit for 6... the Mongols" #12

The Mongol empire is thought of as an amazingly fast-moving force created conquerors and created the first land-based world empire. It functioned for 127 and 128 centuries and set the stage for modern Europe, Asia, and the rest of the world.

1. List the two characteristics of Mongolism that groups brought upon the Great Eastern Empire.

Complete the following table:

	What	Why
Mongols	Increased movement of people from one region to another	They brought an ending to the isolation and the Mongols thought of themselves as the Mongols
Trade	Increased trade and commerce	They brought an ending to the isolation and to the Mongols thought of themselves as the Mongols
Living Conditions	The living conditions were better than other people	They brought an ending to the isolation and to the Mongols thought of themselves as the Mongols
Gender and social status	The living conditions were better than other people	They brought an ending to the isolation and to the Mongols thought of themselves as the Mongols

2. Why were the Mongols able to conquer all of the world's major powers and create the first land-based world empire?

3. Why were the Mongols able to conquer all of the world's major powers and create the first land-based world empire?

4. Why were the Mongols able to conquer all of the world's major powers and create the first land-based world empire?

5. Why were the Mongols able to conquer all of the world's major powers and create the first land-based world empire?
