O bom Bill e Ted finalmente viram o mau Bill e Ted na Batalha das Bandas, Áa Santa Monica Civic Auditorium, 1855 Main Street, em Santa Monica. Havia partes da "Jornada Bogus do Ted" que eu provavelmente nÁo entendi, mas tudo bem, porque havia ainda mais partes que Bill e Ted nÁo entendiam. Este Áo um filme que prospera com a idiotice estÁpida de seus personagens, dois adolescentes que fazem viagens incrÁveis atravÁs do tempo e with only the realization that they are not yet playing video games. I missed the extremely popular movie that introduced these characters, "Bill & Ted's Excellent Adventures", and I felt blessed in the Áa Shit. But now I'm not so sure. Your Bogus Journey Áa a mutiny of visual invention and strange mood that works in its sub-moronic chosen level, and in several others as well Áa m, including some fairly sophisticated. It is the kind of film in which you begin to laugh in spite of yourself, and end up admiring the originality that was to create this hallucinogenic slapstick. The film begins a lot in the future, where students from Bill&Ted University have the opportunity to talk personally with Thomas Edison and Beethoven, and study artistic classics such a s Áa TV show "Star Trek". An e vil ruler named De Nomolos and played by that white-haired villain Joss Ackland swears to rewrite the story by destroying Bill and Ted (played earlier by Alex Winter and Keanu Reeves). He invented robots that look and act exactly like the two heroes, and they're s o dumb, and he sends them back through. Áa It's time in a telephone booth. Bill and Ted are trying to win a rock-and-roll band contest with their own group, the Wyld Stallyons, which includes some musician girls that they picked up in the SAN Áa 15th century. Starting with the appearance of their double robots, they begin their own trips through Áa Time and space in a desperate attempt to destroy them, save themselves, preserve the book of history, get cold, and meet cute puppies. The funniest thing that happens to them Áa his confrontation with Grim Reaper (William Sadler), who looks exactly like he does in Ingmar Bergman "The Seventh Seal". In this film (as most viewers probably will not know), Death played chess with a medieval knight, with the knight's soul at stake. This time, the guys challenge the Reaper to a pocket game, and knock. Death, having lost, has to accompany Bill and Ted on their journey and do what they tell him, and this leads to some of the funniest moments I've seen in any movie in a long time, including one where Reaper makes a small comparison purchases for scythes at the hardware store. One of the stops on the journey of disgust is Áa The Cane Áa u, created with great imagination and many light and echoing sound effects and a more peculiar conversation with Deity. Bill and Ted deals with this dog meeting, how they handle everything else in the movie, like two guys for whom "Pee Wee's Playhouse" would be too slow and intellectual. All actors (including George Carlin, who appears in an important supporting role) have a lot of fun with this material, and turns into more delicate fun, based on more subtle time, than you can imagine. Many o f Sadler's laughter, such as the Grim Reaper, comes from a simple physical crime, while he conveys his embarrassment and his lost dignity. From Bill and Ted, I can tell that I didn't see Alex Winter much earlier (he was in "Rosalie Goes Shopping"), but I saw Keanu Reeves on poppy. Áa You are very different (the FBI man at the current Point Break, for example), and I am a little surprised at the range of these performances. Like Sean Penn, who immortalized the word "many" in Bill \$Ted's performance in "Fast Times at Ridgemont High", he brings more art to this cretinous role than he could in the beginning find the eye. Who to? Áa The film? Your basic "Bill *Ted" ad for beginners-- young filmmakers up looking for something more challenging than "Teenage Mutant Ninja Turtles". But also Áa M for fantasy lovers, whimsical, and fancy special effects. This movie is Áa Light as a feather and thin as ice in spring, but what you do, you do very well. All right, then.
