Aspyn Ovard presets are very popular filters designed by the photographer Aspyn Ovard. Her presets allow you to turn ordinary shots into bright pictures with yellow, sunny tints that get a huge number of likes on social networks. Aspyn Ovard presets are popular among photographers and bloggers, who want to give their images a unique atmosphere. This overview contains a detailed description of the most well-known collections of presets for Lightroom, suitable both for beginners and experts. Number of presets included: 5 This is the first set of Lightroom tools from Aspyn Ovard presented in her official store. The bundle includes 5 different Instagram presets, as well as a video tutorial on their installation and use. If you don't know how to add presets to Lightroom, don't get upset, as you can order editing from experts. They will correct colors, adjust brightness and other parameters based on your requirements. The set contains Beachy, Dreamy, City, Everyday, and Sunshine filters which will make your photos on Instagram or Facebook juicy and vibrant. The presets slightly increase the exposure, adjust the saturation of skin tones, and adjust the temperature if necessary. Price: \$75 Number of presets included: 5 These are new Aspyn Ovard presets specifically designed for editing images taken in the summer. The collection includes Honey, Sugar, Lemon, Home, and Everyday filters. Use them to change shadows and lights, and adjust temperature. If you tried to realize beach photo ideas, but your photos have screwed colors, you should definitely apply these presets. All of them brighten summer outdoor photos, add a touch of vintage effect and improve exposure along with contrast. Price: \$75 Number of presets included: 5 Have you experimented with fall photoshoot ideas, but ended up with boring shots? That isn't a problem if you have these tools at hand. First of all, add presets to Lightroom, upload your images, apply filters, and wait several seconds. You are bound to marvel at the outcome. This set of Aspyn Ovard presets will be a perfect choice on your selfie taken against the background of the autumn landscape or on the ordinary everyday photos. At the same time, presets improve skin tone and saturation of bright elements in the frame. Price: \$50 Number of presets included: 5 For those, who want to make their Instagram account pop and consistent, I advise using this set of Instagram Aspyn Ovard presets. It is suitable both for outdoor and indoor shots. Presets increase the brightness of the shot, saturation and improve all colors, making them more stylish and vibrant. The presented presets for Instagram will be ideal for travel bloggers and for users, who want to have great pictures from their vacation. Number of presets included: 5 Aspyn Ovard also took care of users who prefer to edit their photos on the smartphone on the way home or during a long trip because they do not want to spend time on computer image post processing. Editing on a computer can be very time consuming, using these presets on the mobile app is quick and easy if you are on the go and wanting to step up your Instagram game! Therefore, she has integrated all her sets of presets specifically for these purposes. It is fairly easy to install Aspyn Ovard presets mobile into Lightroom mobile version and process images from your iPhone, as well as in RAW/JPEG format. It is worth noting that it is not necessary to have a paid subscription to the application. #ASPYNOVARDPRESETS desktop pack is finally for sale! These presets are what I use to edit all of my Instagram and blog photos. These presets add a bright and colorful feel to photos and are very versatile. The adjustments I make to my photos when editing with these presets are very minimal, I normally just bump up the exposure, adjust orange saturation for skin tones, and adjust temperature if needed. In order to successfully use these presets, you should have a basic understanding of Lightroom and it's settings. *THIS IS NOT THE MOBILE PRESET PACK. IF YOU PURCHASE THE WRONG PACK, YOU WILL NOT BE REFUNDED* The #ASPYNOVARDPRESETS pack includes: - 5 different Lightroom presets (BEACHY, DREAMY, CITY, EVERYDAY, SUNSHINE), intended for use on RAW photos (they can also be used with JPG photos but may require more editing) - A video editing tutorial showing how I edit my photos on Lightroom using these presets Please use #ASPYNOVARDPRESETS when using my presets on social media so I can see your amazing photos! INSTALLATION: You must have a subscription to Adobe Lightroom, and a computer to download and use these presets. You will receive a confirmation email after you make a purchase (if you do not see it, check your spam folder.) After you purchase these presets, you can download them directly from the checkout page, or you can download them from your confirmation email. If you download them from the confirmation email, double click the folder (in your "Downloads") to unzip the files. Open the folder to find 5 .lrtemplate files. Open the Lightroom app, and click "Lightroom" in the top left corner (of the navigation bar). Select "Preferences", then "Presets", then click on the "Show Lightroom Presets" folder. Next, double click to open the "Lightroom" folder, then double click to open the "Develop Presets" folder. Copy and paste your presets from the "Downloads" folder into the "Develop Presets" folder. Completely exit out of Lightroom, and the presets should be there when you re-open the app. LINK
